Presents that
YEAR "1961"

Dedication

The senior class of Pleasant Mills High School wish to dedicate the 1961 "Spotlight" to the "Spirits of the Past, Present and Future."

Looking to the past which we consider the Spirit of the Past, we wish to remember Mr. Karel who was an understanding teacher. He helped to make our junior year a "Highlight of our High School Days." Also, we remember Mrs. Ehsam for the guidance she gave us as a foundation to build upon for Tomorrow.

In the Spirit of the Present we pay tribute to our sponsors Mr. Price and Mr. Sipe for their devoted help this year. We remember our parents helping us through heartaches, tears and happiness.

In the Spirit of the Future may the pages of this book serve as an inspiration to those who follow.

Administration

I do appreciate and thank you for the opportunity to write a few words for your 1961 Spotlight.

This year will complete twelve years of formal education for many of you. Others will seek further education. Regardless of your choice, I feel that the progress you have made over the past twelve years will be an aid to the many problems you will face.

Remember, we have not promised you an answer to all problems, but the foundation for solving them to meet your personal needs.

I personally want to congratulate each of you and wish you continued success in your chosen future.

My best regards,

G. M. Grabill, Superintendent

The cultural and practical enrichment an education gives students is more important now to be happy and successful in life than ever before. We must constantly seek to broaden our vision as the nuclear and space age thrusts new challenges toward us. We must preserve our American Heritage - - our American Way of Life. We must delve deeper into the esthetic philosophies, we must probe our imaginations and utilize our scientific faculties in order to complete successfully in all phases of human endeavor and we must strive to accomplish those things which will leave a better world for posterity.

It is well to remember that the main cargo of the Mayflower was freedom - - freedom of conscience, freedom of government, and freedom of education.

While you endeavor to preserve these phases of our American Heritage it is a real pleasure to wish this fine class of 1961 every good wish for success in your collective or individual endeavors in life.
